If you're an experienced editor who wants to get up-to-speed on Premiere Pro, then look no further than this fast-paced but thorough introduction to Adobe's flagship editing program. Enjoy the ride as three experienced editors take you step-by-step through the entire editing process in Premiere Pro, from file creation all the way through output. Along the way you'll learn the ins-and-outs of (or "to do things such as") file management, essential and intermediate editing techniques, color correction, audio mixing and repairing, titling and effects, and delivering your video onto tape, the web, and mobile devices. You'll learn to work within the Adobe ecosystem as well, getting up to speed quickly on time saving tools such as Dynamic Link, Adobe Story, and more. As you work through sections, you'll find references to engaging videos that accompany the book, giving you a visual and audio frame of reference and solidifying your knowledge of the program. Within a weekend, you'll learn everything you need to know to use Premiere Pro confidently for your own projects. In this no-fluff guide to Premiere Pro, you'll learn to

- Quickly organize your existing Final Cut or Avid projects, or create new projects to use right away in Premiere Pro
- Understand how to use Premiere Pro with other Adobe software
- Edit your footage the way you like but with tips and techniques from authors with tons of experience in all the editing programs and who speak your language.
- Put your skills to work immediately by using the accompanying lesson files to work through the steps in the book
- Improve your knowledge through video tutorials, handy quick reference guides, and keyboard shortcut sheets made available on the book's companion media.

All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" ; Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear. Please note that some lesson and video files are very large due to their high quality. High-speed internet connections are recommended for best results in downloading these files.

From the editors of Videomaker Magazine comes this new edition that you have been waiting for. "In this training course for Adobe Encore CS6, expert author and trainer Jeff Sengstack teaches you how to create top quality DVD and Blue-ray discs using this popular software from Adobe. This tutorial is designed for the beginner, and no prior experience is assumed; you will start your learning right from the very beginning! Starting with the basics, Jeff explains exactly what Encore CS6 is, and what it can do for you. You will explore the workflow of Encore, how to import assets, make menus, and export your finished product. Each step in the workflow is covered in-depth. You will learn how to create and work with timelines, build and edit slideshows, make playlists, add and edit menus as well as creating custom menus and specialized menus. This software tutorial also covers topics such as setting up menu navigation, linking your assets to the menus, and finally, testing and exporting your project to DVD, Blue-ray disc or even a Flash project to play in a web browser. By the completion of this software video training course, you will be able to complete your video projects by creating high-quality DVD and Blue-ray discs using Adobe Encore CS6. Working files are included to allow you to learn using the same project files that the author uses in this tutorial."--Resource description page.
