During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, "The South must not only fight her own battles but sing her own songs and dance to music composed by her own children." Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.

(Personality). The Piano Guys say of their 2021 album Chill , "We hope this album is the kind of music your mind needs -- familiar melodies couched in a context musically engineered to help your mind CHILL, crowd out the clutter, and instead hold onto the good things. To be powerful. It doesn't take peaks in volume and fast paced motion running every which way at once. Power can come from simply being still. Being CHILL." This matching digital folio presents all 13 tracks in artist-approved piano/cello arrangements that match the recordings with a separate cello part. Songs include: Anyone * Grow As We Go * I Will Always Love You * My Girl * Someone like You * Stressed Out * Sweet Child O' Mine * Unchained Melody * You Are the Reason * and more. Pedrito Maynard-Reid explores the multiethnic dimensions of worship by looking at African American, Caribbean and Hispanic contexts of worship.

(Artist Transcriptions). In the late 1950s, John Coltrane composed or arranged a series of tunes that used chord progressions based on a series of key center movements by thirds, rather than the usual fourths and fifths of standard progressions. This sound is so aurally identifiable and has received so much attention from jazz musicians that it has become known as "Coltrane's Changes." This book presents an exploration of his changes by studying 13 of his arrangements, each containing Coltrane's unique harmonic formula. It includes complete solo transcriptions with extensive performance notes for each. Titles include: Body and Soul * But Not for Me * Central Park West * Countdown * Fifth House * Giant Steps * Summertime * and more.

One boy's exploration of what it takes to be "cool", how to get a girl and what (not) to do when you've got one...

By the Tony-award winning authors of Falsettos, here is an energetic, sardonic, often comical musical about a composer during a medical emergency. Gordon collapses into his lunch and awakes in the hospital surrounded by his maritime-enthusiast lover, his mother, a co-worker, the doctor and the nurses. Reluctantly, he had been composing a song for a children's television show that features a frog - Mr. Bungee - and the specter of this large green character and the unfinished work haunts him throughout his medical ordeal. What was thought to be a tumor turns out to be something more operable and Gordon recovers, grateful for a chance to compose the songs he yearns to produce.
