

## Menage A Trios

*Holly's neighbors, Joshua and Stewart, are fit, gorgeous, and gay -- or that's what she thinks. Then one day, after coming to his aid following an accident, she forms a deep connection with Joshua, and subsequently becomes a psychic voyeur into his love life with Stewart. Holly has never experienced anything so intense, erotic, and arousing before, and despite her confusion about why this has happened to her, she can think of little else but being in the bed with the two men. Joshua is trying to come to terms with being gay, and he's about to announce his sexuality to his family. But now Holly has entered the scene and he's drawn to her as well as to his partner, Stewart. Since his accident he feels close to Holly. She calms him...and arouses him. Sharing Stewart with her shouldn't be this much of a turn-on, but it is. Stewart is bisexual, and his attraction to Holly is something he's been keeping under wraps for the sake of his relationship -- until he discovers Joshua is attracted to her as well. When they end up in a threesome, sex has never been this hot, but Joshua is even more confused about his sexuality as a result. Then Holly confides her psychic ability, adding a whole new dimension that none of them can ignore. Her intuition has brought them together, but will it also tear them apart?*

I always wondered, if I would have a Loup Garou Kindred or a Nosferatu? It was possible, since I was a half breed, that I could have neither. What I never expected was that I would have both. Both of them saw me as their possession. Both of them tried to claim me. My wolf and body wanted my Loup Garou Patrick. My heart and soul screamed for my Nosferatu Euan.

*This "Liber Amicorum" is dedicated to an exceptional lawyer who laid many foundations of international finance and development law - Ibrahim F.I. Shihata - in commemoration of his retirement from the World Bank after 15 years of service as Vice-President (later Senior Vice-President) and General Counsel, and Secretary-General of the International Centre for Settlement of Investment Disputes. Ibrahim F.I. Shihata's groundbreaking contributions to the theory and practice of international law arose out of his service in major international finance and development institutions. Among the positions he held prior to his service at the World Bank and ICSID were: Legal Adviser, Kuwait Fund for Arab Economic Development; Executive Director, International Fund for Agricultural Development; Director-General, OPEC Fund for International Development; and Chairman, International Development Law Institute. He shaped these institutions' legal architecture, and advanced these institutions' contribution to development. This "Liber Amicorum" brings together essays of incumbent or former general counsels or heads of the World Bank, the International Finance Corporation, the Multilateral Investment Guarantee Agency, the Inter-American Development Bank, the Inter-American Investment Corporation, the Asian Development Bank, the African Development Bank, the European Bank for Reconstruction and Development, the Islamic Development Bank, the Nordic Investment Bank, the International Fund for Agricultural Development, the OPEC Fund, the Arab Fund for Economic and Social Development, and other international finance and development institutions. Collectively with distinguished academics, jurists, and arbitratorsin international tribunals, such as the International Court of Justice, World Trade Organization's Appellate Body, and the International Centre for Settlement of Investment Disputes, well-known practitioners and colleagues of Dr. Shihata at the World Bank's Legal Department, they write about current and emerging issues in international finance and development law. These include issues such as the various institutions' special development assistance profile, the settlement of international investment disputes, foreign investment law, legal and judicial reform, the environment, the rule of law, corruption, accountability of international financial institutions, etc., reflecting the broad spectrum of the part of law to the development of which Ibrahim Shihata contributed tremendously.*

*A hit man gets some work in Sin City, a tryst goes awry for a pair of senior citizens, an alcoholic cop makes a dramatic appearance at a rehab, a young man makes a midnight visit to some friends' bedroom. All these tales and many more in Menage a Trois & Other Stories, a book of flash fiction by Jack Swenson.The prose snapshots in this book crackle with energy, irony, and humor. Less is more, indeed, in this collection of stories from the author of Bad Apples. Some of the stories are only a few hundred words long, but they pack a punch. The writing is lean and mean, often humorous, and always revealing.If you like Raymond Carver's gritty stories and the bare bones style of Elmore Leonard, you'll love these little tales.You'll laugh, cry, wince, grin, and shake your head when you read the stories in this provocatively titled little book.*

*It was in college that I tried. It was there that I met the man who would later propose to me-the man I reminded myself again that I loved. It was there that I was told I needed to experiment-not by Matt, though he wouldn't have complained-but by everyone. My parents, my friends, and even my lecturers were adamant that I was too hard on myself. I was young. I needed to get out there. I had to live a little. The question I had to ask myself was, how do I live a little? What did that mean? Did I need to do something specific to meet this idea of living? That was when Matt, unaware of my inner turmoil, asked me if I would ever have a threesome. A threesome. The solution to all my problems. That seemed like living a little, getting out there, being adventurous. So, I shrugged and we brushed it off, never bringing it up again, but Matt didn't know that after that, I began actively looking for a woman.*

Exploring the ‘dark side’ of digital diplomacy, this volume highlights some of the major problems facing democratic institutions in the West and provides concrete examples of best practice in reversing the tide of digital propaganda. Digital diplomacy is now part of the regular conduct of International Relations, but Information Warfare is characterised by the exploitation or weaponisation of media systems to undermine confidence in institutions: the resilience of open, democratic discourse is tested by techniques such as propaganda, disinformation, fake news, trolling and conspiracy theories. This book introduces a thematic framework by which to better understand the nature and scope of the threats that the weaponization of digital technologies increasingly pose to Western societies. The editors instigate interdisciplinary discussion and collaboration between scholars and practitioners on the purpose, methods and impact of strategic communication in the Digital Age and its diplomatic implications. What opportunities and challenges does strategic communication face in the digital context? What diplomatic implications need to be considered when governments employ strategies for countering disinformation and propaganda? Exploring such issues, the contributors demonstrate that responses to the weaponisation of digital technologies must be tailored to the political context that make it possible for digital propaganda to reach and influence vulnerable publics and audiences. This book will be of much interest to students of diplomacy studies, counter-radicalisation, media and communication studies, and International Relations in general.

A young woman's lessons in love from the wife of the man she adores

The concert hall was packed. But then, it was always full when Marco Andalucci came to town. I have attended every concert he’s given here in our town since I was a little girl. I sat in the cushioned chair between my father and my sister, Hazel, waiting for the concert to begin. My mother, Anna Christina flipped the program over, looking at the names of the pieces to be performed. Papa grunted, shifting in his chair as he tugged at his tie. He hated dressing up and much more preferred his usual work attire while working in the vineyard our family owned. “Oh how I hate this tie,” he grumbled tugging at it again. I patted him on the arm. “But you look so handsome, Papa. You are by far the handsomest man in the whole hall.” He continued to grumble a bit but the corners of his mouth curved and his eyes were twinkling, letting me know that he wasn’t angry. He secretly liked coming to the concerts. And more, he knew that Mama, Hazel and I also enjoyed getting all dressed up and coming to see the performances. After a few moments, the lights dimmed signaling the start of the...
