Japanese is a wonderful language, very different from European languages. It is also the gateway to the rich culture of the exciting and complex island nation of Japan. Some people get intimidated by the prospect of speaking Japanese—worried that it’s just too complex and different—but these fears are unfounded. While you can devote a lifetime to the study of this or any language, picking up the basics of Japanese doesn’t require any more than an interest and a willingness to try something new. Japanese For Dummies has everything you need to get off the ground with speaking the language. Author and Professor of Japanese Eriko Sato starts you off with the essentials of grammar and pronunciation, giving you a working sense of the language, before showing you Japanese in action. You’ll then explore vocabulary and expressions through dialogues taking place in situations such as: Introductions and greetings Eating and drink ing Shopping Exploring the town Talking on the telephone Asking directions Getting around Staying at a hotel You’ll also discover social customs, formalities, and manners, from how and when to bow to how to unwrap a present. Whether you simply want to introduce yourself to the Japanese language, say a few words to a neighbor or coworker, or you’re planning a major trip or study abroad in Japan, Japanese For Dummies will enable you to get the basics fast and work towards your own goal at your own pace. You’ll also find out about: How to use karaoke to help you learn Japanese Movies that will introduce you to Japanese culture and language Learning Japanese the “gourmet” way When ignoring “no, thank you” shows good manners Proper table manners Proper body language How to sound fluent And much more! With helpful vocabulary summaries, a mini-dictionary at the end, and an audio CD full of conversations and pronunciations, Japanese For Dummies assumes no prior knowledge of Japanese on your part—providing the perfect guide for a quick-but-thorough, lighthearted-but-not-lightweight introduction to the language.

The brand-new official Minecraft novel is an epic battle for survival! When humans enter the End, a pair of endermen must decide which side they’re really on. For as long as they can remember, the twin endermen Fin and Mo have lived in the mysterious land of the End. On the outskirts of the great enderman city of Telos, they explore ancient ruins under the watchful gaze of the mighty ender dragon. They have everything they need in

the end ship they call home, and know everything there is to know about their world—or so they think until the strangers from another dimension arrive. The invaders are called humans, and they've come to steal artifacts and slay the ender dragon. Fin and Mo are ready to protect their home from the trespassers, but when they come face-to-face with the humans, they discover that they aren't as prepared for battle as they'd thought. Caught off guard, the twins are trapped in the middle of a war between the endermen and the humans, with the future of their home at stake.

How to Build a Castle in Minecraft

Provides an overview of social psychology, exploring such topics as relationships, self-identity, and social influence.

How to Build a Castle in Minecraft is just what it sounds like. Everyone wants to build a cool castle in Minecraft for young kids or beginners. But it can be frustrating for little ones to build something that is too big. Our book contains illustrated instructions that are simple, kid-safe, and leave plenty of room for creativity. Kids will learn to build a small castle with a throne room and towers. They ' ll also get some ideas for decorating the inside. Then they can play king of the castle! Do you have a young child who is getting into Minecraft? Are they frustrated by the other guides that are either too vague or too difficult to follow? They ' re not quite patient enough to build a realistic space shuttle or a giant castle and you don ' t want them watching YouTube for inspiration. That was me and my son. So I started this series for families like us. The Basic Minecraft for Kids series provides easy-to-read, kid-safe guides to building the simple things kids like. We provide a simple build, a few variations and ideas, and then let them get creative! These guides are so clear and easy, even parents can understand them!
