

Readymade Job Search Letters

The authors explain how selection tests work and give specimen papers so job applicants can prepare themselves well in advance. They also offer a range of advice and techniques for improving your test scores.

Land your next dream job with this one-stop-shop for all your job seeking needs - from CVs, cover letters and networking to tests, interviews and offers.

Ultimate Interview will give you all the background information that you need as well as essential practice to secure that job. Uniquely among interview guidebooks, it organises common interview questions according to specific job types, such as management, sales and marketing, administrative and clerical. Each section looks at the thinking behind the questions, and suggests an effective method of answering. With additional advice on researching the background to a vacancy, and how skills and characteristics can be assessed and developed, this book is a must-have for all serious job hunters.

Are you preparing for an upcoming interview? Are you nervous about making a good impression or want to practise for difficult questions? From the bestselling Ultimate series, Ultimate Interview will give you all the guidance you need when preparing to ace the interview for your dream job. Renowned careers expert, Lynn Williams, will give you the edge on: understanding your interviewer and what they are looking for, highlighting the evidence that you are the perfect candidate through skills and industry knowledge, standing out from the competition, answering questions professionally, navigating the beginning of the interview, coping with difficult questions, dealing with off-the-wall questions, looking the part and knowing how to behave in telephone, video, panel and assessment centre interviews. Ultimate Interview, now in its 5th edition, is a must-have for all serious job-seekers. It contains 100s of sample interview questions, with answer examples, tailored by industry experts to give you a personalized resource. It covers jobs in management, sales and marketing, administration, customer relations, technical industries, practical industries and creative industries. About the series: The Ultimate series contains practical advice on essential job search skills to give you the best chance of getting the job you want. Taking you all the way from starting your job search to completing an interview, it includes guidance on CV or résumé and cover letter writing, practice questions for passing aptitude, psychometric and other employment tests, and reliable advice for interviewing.

Winning CVs and Cover Letters for Every Type of Job

A well-written letter can help you to secure a job interview. It directs attention to your good points and away from your weaker ones, helping you to create the right impression and get your point across clearly and concisely. Whether you have considerable experience, are looking for a first job, or returning from a career break, you need to be able to write a professional, business-like letter. Your letter is the first thing that the employer sees, so the impression that they get at this stage will stay with them. This fully revised new edition of Readymade Job Search Letters gives advice on style, presentation, the best words to use, common mistakes to avoid, and writing effective email job applications. It will help you to make a favourable impression, inform, persuade and build a good relationship with the people you write to in order to get that interview. It also provides a wide selection of letters for different situations that can be adapted for individual use, such as: speculative enquiries to a company, requests for an introduction, replies to an advertised vacancy, applications for promotion, cover letters for CVs. Punchy and informative and with supporting online downloadable sample letters, Readymade Job Search Letters is essential kit for any serious job-hunter.

IQ and psychometric tests are increasingly used in recruitment and selection procedures by those companies who want to ensure they employ workers of the highest calibre. With hundreds of questions on verbal, numerical and spatial ability, memory, creativity and personality, IQ and Psychometric Tests will help you to weigh up your strengths and weaknesses and improve your score. It also includes two completely new, full length IQ tests. Vital preparation for anyone facing these tests as part of a recruitment procedure, IQ and Psychometric Tests will also appeal to anyone who enjoys stretching their mind and exercising their brain.

This best-selling guide sets out the ground rules for preparing a CV by showing how to select which details go in and which stay out, how to lay out and present a CV and how to make a great first impression. It includes sample CVs for a wide variety of jobs: practical, creative, administrative, sales and marketing, technical and management, with online template CVs and covering letters ready for you to download and customise. Readymade CVs also looks at specific 'tricky' situations such as getting your first job, returning to work after a career break, continuing in work as a mature employee or after retirement. With the addition of action words and positive phrases to help you put together the perfect CV for any job or situation, this is a truly comprehensive and indispensable resource.

This guide is a great introduction to tests and test taking. It covers ability tests and personality questionnaires, giving a detailed insight into the world of psychometrics. It will help readers understand the main types of test, increase their test taking confidence, develop strategies, and explore their work style and personality. With guidance on testing on the internet as well as a leadership-style questionnaire, it is a great primer for those who want to stand out from other job applicants.

They are ready to be adapted for your individual needs and are accompanied by downloadable online material - one sample letter for each job type. Readymade CVs also looks at specific 'tricky' situations such as getting your first job, returning to work after a career break, continuing in work as a mature employee or after retirement. With the addition of action words and positive phrases to help you put together the perfect CV for any job or situation, this is a comprehensive and indispensable resource.

Numerical psychometric tests, often used as part of an employer's selection procedure, represent a considerable challenge to many candidates. Only practice can ensure you perform to the best of your abilities. How to Pass Advanced Numeracy Tests provides a wealth of highly relevant practice questions and detailed explanations to help you prepare for such tests. Pitched at a more advanced 'graduate' level, it also has much to offer the beginner, such as a section on revising the basics. Testing areas covered include: quantitative reasoning; data interpretation and business judgement. With over 500 practice questions, plus four realistic practice tests, this book from testing expert Mike Bryon provides you with the opportunity to prepare yourself and rise to the challenge.

A 'one-stop shop' for all job hunters, the Ultimate Job Search contains advice on: preparing a powerful CV; online CVs; sample CVs for specific jobs and situations; dealing with CV problems such as gap years or a lack of experience; sample cover letters and emails; how to search the media and the internet; networking; job fairs; sending out speculative CVs; researching your employer; making a great impression at interviews; answering interview questions; difficult interview questions; interview presentations and exercises; aptitude and personality tests; and finally, offers, rejections and sample follow-up letters. The breadth of detail is exhaustive and with real-life comments from employers and recruitment professionals, Ultimate Job Search will be invaluable to anyone looking for a new job at any stage of their career.

Interviewers need candidates with specific skills, so interview questions are tailored to the specific job on offer. Every interview will present the candidate with a different set of questions. Uniquely among interview guidebooks, The Ultimate Interview Book organises common interview questions according to specific job types, so that candidates can focus on the questions most relevant to their situation. Each section looks at the thinking behind the questions, and suggests an effective method of answering. With additional advice on researching the background to a vacancy, and how skills and characteristics can be assessed and developed, this book is a must-have for all serious job hunters. Job types include: management; sales & marketing; creative; practical; administrative; clerical; scientific & technical.

Praise and Reviews "...by reading this book you have a better understanding of the police service and how it operates... of the issues involved in policing and what the challenges really are." - Richard Winterton, Chief Executive, Police Skills & Standards Organisation The police service is undergoing rapid change as it adapts to face the challenges of modern life. Careers and Jobs in the Police Service details these changes and provides practical advice on how to gain entry, the personal qualities required and describes the numerous career possibilities on offer - from local beat to CID, from fast-track promotion to civilian support roles. Illustrated by real life case studies, this book provides: job descriptions and entry routes; training and qualifications; practice examples of the police recruitment tests; where to look for further information. Complete with information on pay and conditions, equal opportunities policies and essential contact details, this book is an invaluable guide for anyone considering a career with the police.

Test Your Numerical Aptitude will allow those who are uncertain of their numerical ability to build their confidence, slowly and surely, until they are ready to tackle any kind of numerical test. For those who already have some numerical skills, this book will provide a chance to brush up on your knowledge, and to identify further levels of capability. Test Your Numerical Aptitude also provides motivation and personality tests along with career advice and a career index. The book will help you assess your numerical ability, to determine whether you are suited to a career involving numeracy skills and if so, which one.

How good are your communication skills? Do you always get what you want? Are you never misunderstood? Well, congratulations - you don't need this book! However, if, like most of us, you're often frustrated by people not taking notice of what you have to say or misinterpreting your words or actions, then read on. Richard Denny is famous for his powers of communication, whether he's training hundreds of salespeople, getting his message across in his best-selling books or delivering charismatic speeches. Here you'll find sound, practical advice on every aspect of business and personal communication. This updated edition of the UK best-selling title includes new insights into how body language affects image and the importance of developing listening skills. Whatever your profession or goals in life, Communicate to Win will help to improve your communication skills. As Richard Denny says, "The better you can communicate, the more you will achieve."

a good cv is an essential tool in the survival kit of every job hunter. it shows that you have the necessary qualities and qualifications that potential employers are looking for, and improves your chances of getting an interview. this fully revised new edition of readymade cvsmakes the task of preparing a cv much easier. it shows you what information to include and what to leave out, how to present your cv and how to make a great first impression. there are even more easy-to-read sample cvs for a wide variety of jobs, ready to be adapted to your individual circumstances, and advice on: overcoming common cv problems; what to put on your cv if you've just left school; cvs for specific jobs; cvs for tricky situations. this edition also includes the latest information on online cvs and electronic job-hunting as well as useful lists of action words and positive phrases to make your cv really stand out.

This new edition of the best-selling job-hunting book of all time should be your essential companion if you are looking for a job. Dealing with the whole process, from creating an outstanding CV and answering the most dreaded interview questions to negotiating a salary, it is suitable for job-seekers at any stage of their career. Great Answers to Tough Interview Questions is full of examples of tough questions that interviewers like to throw at you, showing you how to answer them in a way that will advance your application and help you to secure your dream job. It also offers advice on exploiting the hidden job market, using headhunters, networking, succeeding in telephone interviews, dressing for success, body language, securing a job offer, following up rejections and dealing with multiple offers.

The popularity of psychometric testing with employers is continually increasing. They are used in recruitment processes, as well as being incorporated into staff development programs, and provide detailed information on personality and ability. Consequently, candidates for selection often face grueling assessment with such tests. ""How to Pass Professional Level Psychometric Tests"" provides practice exercises that are relevant to those facing tests used in IT, management and finance recruitment, although some of the exercises are not exclusive to these areas and will have a wider appeal. By providing plenty of practice material, this book aims to increase a candidate's understanding of the types of test they may face, and familiarity with these and the whole procedure itself, has the added benefit of reducing nerves when faced with the real situation. To this end the book contains twelve timed psychometric tests, incorporating over 350 questions, with answers supplied. With correct training and practice a candidate can improve on their expected scores in these challenging tests. This book provides that opportunity.

Presenting in a job interview can be incredibly daunting. Candidates often lack the confidence and skills so they fail to do themselves justice and impress the panel. Knockout Job Interview Presentations takes you through the whole process of planning and making a presentation as part of a job interview and helps you to understand what employers are looking for and learn how to provide it. It will help you to have a positive outlook, plan so that you know what to include and how, cope with seen and unseen briefs, make all of the practical preparations, then get it right on the day, handling nerves and making an impact. Rebecca Corfield also looks into difficult situations that may occur and gives advice on how to rise above them and continue with your presentation unscathed. This practical, inspiring book will give you the advantage over other job candidates so that you make a presentation with ease and confidence and trump the competition.

Many companies now use aptitude tests in job selection and assessment procedures. How to Pass Advanced Aptitude Tests is aimed at job candidates applying for positions of increased responsibility, where the selection procedures can be even more rigorous. It will familiarize candidates with the types of test they may face and allow them to improve their scores. With abstract and practical tests, personality and career analysis, an occupation index and career agenda planner, How to Pass Advanced Aptitude Tests helps readers assess whether they are in the right job and which career path might be the right one for them.

"This is the first book I've seen which specifically deals with letters...A really useful resource." - Phoenix, Keele University. Securing an interview and getting that job often depend on the ability to write a good letter. Whether you have considerable experience or are returning to work from a career break, "Readymade Job Search Letters" provides essential tips, guidelines and sample letters covering a variety of situations. This fully revised new edition provides a wide selection of letters that can be adapted for your own use, including: speculative letters; introductory letters; letters responding to advertised vacancies; letters applying for promotion; covering letters accompanying CVs and application forms; online letters; and e-mails. Containing plenty of expert advice on style and presentation, as well as confident and professional sample letters, "Readymade Job Search Letters" will ensure you grab a prospective employer's attention.

Do you want to learn a different way of thinking? Do you want to stretch your mind? Almost everyone is born with the capacity to be creative, but few realise it and such skills are often neglected or untapped. Lateral thinking is all about thinking 'outside the box', breaking out of familiar thought patterns and coming up with new possibilities. It is one of the keys to improving creativity. This book of brand new lateral puzzles aims to encourage you to think creatively. Whether at work, as part of an assessment or simply for fun, learning to think creatively can be hugely

rewarding and make a real difference to your ability. By trying to find unusual or unexpected associations, patterns and connections, you can learn to keep an open mind and to look at everything in a different way. With plenty of questions and tips, this book provides an ideal opportunity for anyone to practice thinking laterally and improve their creativity.
