

Special Occasion Speeches

At long last here is a textbook for the basic public speaking course--one that integrates a Christian worldview with up-to-date scholarship in the field of communication.

Proclamation! covers the standard speech types: informative speech, persuasive speech, and ceremonial speech. In addition, Blake J. Neff recognizes that Christians need to know how to deliver an edifying speech and a personal testimony speech. Neff acknowledges that one of the reasons to study public address at the university level is that God has commanded His people to "always be prepared to give an account" (1 Peter 3:15). Proclamation! prepares Christians to speak not only as one to many but also as members of interpersonal or small groups. Christian teachers of public speaking will appreciate the assistance this book offers toward integrating faith with learning.

Students will applaud the practical and readable approaches found in Proclamation! Having to give a toast at a wedding, or write a eulogy can be a daunting task. Everyone wants their toast to be as good as the one they saw on television, but most people do not understand what their goal is. Kent's manual on special occasion speaking and funeral oratory provides a step by step guide, along with speech samples, and links to online speeches and manuscripts, so that your speeches can be a moving and memorable experience for your listeners. Kent's book is witty, readable, informative, and comprehensive. His chapters on toasts and eulogies are the best anywhere.

Balancing skills and theory, Principles of Public Speaking, 19th Edition, emphasizes orality, internet technology, and critical thinking as it encourages the reader to see public speaking as a way to build community in today's diverse world. Within a framework that emphasizes speaker responsibility, listening, and cultural awareness, this classic book uses examples from college, workplace, political, and social communication to make the study of public speaking relevant, contemporary, and exciting. This edition opens with a new chapter on speaking apprehension, and offers enhanced online resources for instructors and students.

Morreale offers a highly accessible, easy-to-teach, easy-to-learn approach to public speaking. The approach adopted in the text includes eight public speaking competencies - four on speech preparation and four on speech delivery - which are enhanced by emphasizing the impact of technology, ethics, culture, and diversity on public speaking. A number of unique features designed to improve teaching and learning include: - Students used as examples in each chapter so that readers can follow them as they learn about public speaking; - Tables and boxed text to reinforce the most important learning points; - Checkpoint and self-assessment tools so that readers can determine their level of competence and find out whether they are ready to proceed to the next chapter; - Competence-building activities for students to apply chapter concepts and practice public speaking strategies in the classroom or as take-home assignments; - An accompanying website which is updated on a regular basis and offers a forum for students to contact the author.
