**'Riveting . . . Essential reading' GUARDIAN 'Packed with hair-raising revelations' OBSERVER The definitive behind-the-scenes story of Trump's final year in office, by Philip Rucker and Carol Leonnig, the Pulitzer Prize winning reporters and authors of the #1 New York Times bestseller, A Very Stable Genius The true story of what took place in Donald Trump's White House during a disastrous 2020 has never before been told in full. What was really going on around the president, as the government failed to contain the coronavirus and over half a million Americans perished? Who was influencing Trump after he refused to concede an election he had clearly lost and spread lies about election fraud? To answer these questions, Philip Rucker and Carol Leonnig reveal a dysfunctional and bumbling presidency's inner workings in unprecedented, stunning detail. Focused on Trump and the key players around him-the doctors, generals, senior advisers, and Trump family members- Rucker and Leonnig provide a forensic account of**

**the most devastating year in a presidency like no other. Their sources were in the room as time and time again Trump put his personal gain ahead of the good of the country. These witnesses to history tell the story of him longing to deploy the military to the streets of American cities to crush the protest movement in the wake of the killing of George Floyd, all to bolster his image of strength ahead of the election. These sources saw firsthand his refusal to take the threat of the coronavirus seriously-even to the point of allowing himself and those around him to be infected. This is a story of a nation sabotaged-economically, medically, and politically-by its own leader, culminating with a groundbreaking, minute-by-minute account of exactly what went on in the Capitol building on January 6, as Trump's supporters so easily breached the most sacred halls of American democracy, and how the president reacted. With unparalleled access, Rucker and Leonnig explain and expose exactly who enabled-and who foiled-Trump as he sought desperately to cling to power.**

But when simple attraction begins to run deeper, Cat has to decide if she's

There used to be an empty chair at the back of my class, but now a new boy called Ahmet is sitting in it. He's nine years old (just like me), but he's very strange. He never talks and never smiles and doesn't like sweets - not even lemon sherbets, which are my favourite!

But then I learned the truth: Ahmet really isn't very strange at all. He's a refugee who's run away from a War. A real one. With bombs and fires and bullies that hurt people. And the more I find out about him, the more I want to help. That's where my best friends Josie, Michael and Tom come in. Because you see, together we've come up with a plan. . . Donatien Alphonse Francois, Marquis de Sade (1740-1814), one of the most perplexing personalities of Western culture, has been called 'the freest spirit who ever lived' and 'a frenetic and abominable assemblage of all crimes and obscenities'. Yet scant attention has been given to the two women who were the catalysts of his fate: his loyal, tolerant wife, Renee-Pelagie, and his vindictive mother-in-law, Madame de Montreuil. This groundbreaking account vividly brings to life these two dynamic women and the complex bonds they evolved with the rakish Marquis, as they dedicated themselves to protecting, curbing and, ultimately, confining him. Francine du Plessix Gray draws on thousands of pages of correspondence between the magnetic, aristocratic Marquis de Sade and his plain, bourgeois wife, to explore in historical and psychological detail what it was like to live with this maverick adventurer and man of letters in the decades before the French Revolution. She brilliantly recreates the extravagant hedonism and corruption of late-18th-century France, the ensuing Terror, and the oppression of the Napoleonic regime under

An essential, comprehensive account of what white feminism is, and an empowering manifesto for revolution For readers of Reni Eddo-Lodge's Why I'm No Longer Talking to White People About Race, Caroline Criado Perez's Invisible Women and Florence Given's Women Don't Owe You Pretty 'Make room beside Audre Lorde and Angela Davis on your shelves' Chicago Review of Books 'A book to make you stop and think' Mishal Husain, national broadcaster 'Necessary, warm-hearted and sharp-eyed... This book is going to light fires everywhere, so if you are prone to combust, get right the hell out of the way' Lit Hub, Most Anticipated Books of 2021 Feminism is supposed to be the fight for the freedom and equality of women. And in the past 200 years it has made incredible gains: paving the way for women to advance economically, handing them back control of their own bodies, and advocating for their needs and their

experiences. But not for all women. Since its very beginning, mainstream feminism has catered to a particular group of women: middle class, cis-gendered, Western, and above all, white. And the exclusion of everyone outside this narrow category is not merely an oversight, a coincidence, a slip. It is baked into the way feminism works. This must change. White supremacy is killing feminism. Until all of us are free and equal in society, none of us are. The power to transform it lies with each one of us. It starts with understanding how we got here in the first place. Eye-opening, timely and impossible to ignore, *Against White Feminism* traces the connections between feminism and white supremacy from the earliest stirrings of the women's suffrage movement to the 'fourth wave' we see today, demonstrating how an idea based on equality has been corrupted by prejudice and exploitation from the start. Rafia Zakaria issues a powerful call to arms to every reader to build a new kind of feminism which will light the path to true emancipation for all.
